1. [] At the suggestion of []

AD/Pers, I called Dorothy Fosdick, Senate Permanent Investigations Subcommittee staff, to explain that we could not detail the individual in whom the Senator was interested to another agency pending his formal transfer to that agency []
Miss Fosdick seemed satisfied with the explanation.

3. [] Joe Kashi, Joint Economic Committee staff, called and said he was trying to pull together some figures on Soviet force strengths during the period 1960 to 1964. He said he had access to figures of the Institute of Strategic Studies but he is somewhat skeptical of them. He asked if we could provide him with unclassified figures for Soviet troop strength in the DDR during 1961, 1962, and 1963. I am checking with OSR on this.

4. [] Called Dave Dorsen, Assistant Counsel, Ervin Select Committee, and told him that General Walters was planning on leaving the country and wanted to know if they had any plans of recalling him. Dorsen said he knew of no plans of the Committee that would conflict with the General's schedule. I also told Dorsen that I was still available at his convenience to review his sanitization of the "Documentation Provided by CIA" that the Committee was going to insert into the record. Dorsen said at this time the only material he was aware of was the [] memorandum, which we had already sanitized on Wednesday. In response to my question, Dorsen said there was no intention to place any classified CIA documentation in the record until it had first been sanitized.
